

The story of this **French Pharmacy** brand began in 1962 in France. Simone Véret, a pharmacist prepared formulations by combining active ingredients in the back room of her pharmacy.

Over 60 years later, **Laboratoire SVR** still focuses on offering sensitive skin dermatological solutions with high concentrations

of active ingredients for fast, visible results. Prescribed by dermatologists in over 60 countries, **SVR** has managed to grow without losing sight of its values. Combining authenticity and sincerity with exemplary diligence and quality has allowed the brand to establish itself as a **leading skincare brand** for all skin types, particularly sensitive skin.
